

Entrance, Reception and dining area

All customers enter through a level hard standing porch into a level entrance and reception area suitable for wheelchair users, who will be guided and helped to any table in the Tea Room and Restaurant if so required.

There are two open range fires, with a level Indian stone floor in the reception area, and quarry tiles throughout.

There is level access to **all** dining areas and we have a spacious disabled toilet facility, equipped with pull cord alarm system to alert staff if required. Staff trained to act appropriately.

We have worked hard to maintain the character of our property. The Ramblers' Rest Tea Room, Restaurant and Accommodation, is a traditional, rural family business that always has our customers best interests at heart, we want our customers to have a warm and welcoming experience, but also give reassurance that their safety is paramount.

The specification of The Ramblers Rest provides superior facilities that include:

- An up to date Fire alarm system, sensitive to all customers less mobile or with disabilities.
- Fire Doors throughout.
- Disabled facilities and access throughout.
- Appropriate lighting in all areas along with Emergency lighting
- Appropriate signage to fire exits
- All rooms have relevant safety notices regarding fire procedures and staff have been trained to guide and help all customers in our building to make a safe exit in case of any kind of emergency.
